1. This office acknowledges receipt of the following items from the Applicant:

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on **Jan. 28, 2005** has been entered.

2. Claims 7-14 are presented for examination.

Claims 1-6 are canceled.

Claim 7 is amended.

Claims 13 and 14 are new.

#### ***Double Patenting***

3. The claims 7-14 are still rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1-3 of U.S. Patent No. 6,507,520, except for the new limitations involved a third type command in claim 13 and a third command format in claim 14. See its rejection under 35 USC 112 follows.

#### ***Claim Rejections - 35 USC 112***

4. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

5. Claims 13 and 14 are rejected under 35 U.S.C. 112, first paragraph, as containing subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. "The newly added limitations involved a third type command in claim 13 and a third command format in claim 14" are not described in the specification. The applicant indicates that Figs. 3, 7 and 16 show a third type format command. However, those figures only show first and second type commands.

***Claim Rejections - 35 USC 102***

6. Applicant's remarks have been reviewed but not found persuasive as to error in the rejections. The claims are still rejected under 35 USC 102 for the same reasons given in the previous Office action. Except for the new limitations involved a third type command.

7. When responding to the office action, Applicants are advised to provide the examiner with the line numbers and page numbers in the application and/or references cited to assist the examiner to locate the appropriate paragraphs.

8. A shortened statutory period for response to this action is set to expire 3 (three) months and 0 (zero) day from the date of this letter. Failure to respond within the period for response will cause the application to become abandoned (see MPEP 710.02 (b)).
